

Clenz

• **A dietary supplement to support detoxification functions.***

Clenz:

- Is a great tasting, easy-to-mix powder.
- Combines nutrient rich vegetables, fruits and herbs with enzymes and probiotic cultures.
- Supports the body's ability to cleanse, detoxify and rejuvenate.*
- Supports the body's antioxidant defense system and immune system functions.*
- Supports detoxification and G.I. Tract health.*

Detoxification Support

- **Spirulina and Chlorella** are both sources of blue-green algae, which has a rich nutrient profile and is a potent antioxidant.*
- **Spirulina** supports healthy functioning of the liver and immune system, to aid in detoxification.*
- **Chlorella** supports cell reproduction, as well as restorative processes that promote healthy organs and tissues.* Chlorella also aids the body in the breakdown of unwanted materials like heavy metals and supports proper digestion by promoting the growth of beneficial bacteria and assisting in the elimination of unwanted materials from the body.*

Antioxidant Support

- **Red Raspberry** supports capillary strength.*
- **Cranberry** supports urinary tract health and function by keeping unwanted materials from adhering to the cell walls of the bladder.*
- **Blueberry** supports eye, urinary tract and cardiovascular health and gastrointestinal function.*
- **Bilberry** has traditionally been used to support proper functioning of the eye.* It helps to synthesize compounds that maintain artery walls, support connective tissue health and strengthen capillaries.*
- **Grape Seed Extract** plays a role in the stabilization of collagen and maintenance of elastin, thereby supporting organ, joint, blood vessel and muscle functions.*

Digestive Support

- **FOS** aids in the elimination of unwanted substances and supports G.I. Tract health.* Fructooligosaccharides (FOS) are considered a soluble fiber and pre-biotic that supports the growth of beneficial bacteria.* Since FOS is not digested it increases the material in the digestive tract and promotes regularity.*

Immune System Support

- **Oat Beta-Glucans** support immune system function.* Non-allergenic Oat Beta-1,3-Glucans extracted from oats are a highly researched polysaccharide with immune supporting properties.* They support the activity of macrophages that clear away cellular debris and other unwanted materials by digesting them.*

Supplement Facts

Each scoop (11.88 Grams) contains:

Calories	48
Fat Calories	8
Total Fat	<1 g
Total Carb.	9 g
Fiber	3 g
Sugars	2 g
Protein	1 g
Vitamin A (Retinol & beta-carotene)	743 IU
